Round and round

1. It stated something about pizza and we know the flag will need to be wrapped as RWSC{}
2. The first number is 21, so we check which alphabet is on number 21, we found that it is "U", it does not make sense because it have to be "R". As stated before about pizza, we know pizza is triangle and triangle have 3 edges, we try to minus 3 and we got "R"

ABCDEFG
HIJKLMN
OPQRSTU
VWXYZ

3. We do it to all the number, and we manage to get the flag.

```
2126226{19 12 29 29 12 17 12_6 12 19 11 8 21_26 4 22_8 4 29 28}

RWSC{PIZZINI_CIPHER_WAS_EAZY}
```
